

ENERGY ACTION DAY

No more power plants in our community. No more dirty energy in our state.

TUESDAY AUGUST 11TH 2015
1:00P SETON HALL LAW SCHOOL 1109 RAYMOND BLVD, NEWARK, NJ 07102

The New Jersey Energy Master Plan (EMP) is where toxic facilities like the Newark Energy Center are born. The last time the Board of Public Utilities held a public hearing, they ignored residents and heard industry. This time, we are leaving the chairs for the sidewalk. Join us!

PROTEST & RALLY

Say NO to:

- Dirty power plants in our community!
- ALL incinerators!
- Toxic chemicals in our air!
- Public money for private profit!
- False public process that ignores community!

Say YES to:

- Clean and renewable energy, like wind and solar!
- Energy conservation!
- Energy efficiency and weatherization programs!
- Training and green jobs!
- A public process that centers on public health and environmental justice!
